1. *Joint Building Committee Report

XII. MISCELLANEOUS/UNFINISHED BUSINESS

XIII. ADJOURNMENT [AT 10:00PM OR EARLIER]
Date: August 12, 2010

To: Honorable Mayor Thomas G. Ferrini and City Council Members

From: John P. Bohenko, City Manager

Re: City Manager’s Comments on August 16, 2010 City Council Agenda

5:45 p.m. – Non-meeting with counsel.

For details on this matter, please refer to the confidential envelope inserted in the inside pocket of your binder.

Acceptance of Grants/Donations:

1. **Acceptance of Donation to the Coalition Legal Fund.** Attached is a copy of a check from the Town of Newington in the amount of $1,500.00 donating funds to the Coalition Legal Fund, which will be utilized to continue our fight to eliminate the statewide property tax.

   *I would recommend the City Council move to approve and accept the donation, as listed, to be placed in the Coalition Legal Fund. Action on this matter should take place under Section VII of the Agenda.*

2. **Acceptance of Donation from Jon and Gloria Wennberg Re: Memorial Bench.** The City has received a donation in the amount of $1,250.00 from Jon and Gloria Wennberg to support the purchase and installation of a memorial bench in Market Square with a plaque in memory of their daughter Heather.

   *I would recommend that the City Council approve and accept the donation for a memorial bench, as listed. Action on this matter should take place under Section VII of the Agenda.*
Items Which Require Action Under Other Sections of the Agenda:

1. Consideration of First Reading of Proposed Ordinance Amendments and Resolutions:

1.1 First Reading amending the City Ordinances by the Creation of a new provision entitled Chapter 10, Article VII, Continuing Care Retirement Community. As a result of the August 2nd City Council meeting, under Section VIII of the Agenda, the Mayor has requested that I bring back for first reading the attached proposed Ordinance for a Continuing Care Retirement Community (CCRC). Attached is a memorandum from Rick Taintor, Planning Director responding to questions that came up at the work session on the CCRC.

The City Council may move to pass first reading and schedule a public hearing and second reading of the proposed Ordinance, as presented, at the September 7th City Council meeting. Action on this matter should take place under Section VIII of the Agenda.

1.2 First Reading of Proposed Ordinance amending Chapter 10, Article X, Subsection 10.1010 of the Wetlands Protection Ordinance. As a result of the August 2nd City Council meeting, under Section VIII of the Agenda, I am bringing back for first reading the attached proposed Ordinance amendments to the Wetlands Protection provisions of the Zoning Ordinance. The proposed amendments make the following changes:

1. Replace the word “use” with the phrase “use, activity or alteration” in several locations in order to reduce ambiguity (housekeeping change);

2. Exempt small emergency generators in wetland buffer areas from the requirement to obtain a conditional use permit;

3. Authorize the Planning Director to require review of a wetlands application by an independent wetland scientist or other special studies;

4. Update the reference documents for stormwater best management practices;

5. In the table of vegetation management areas, delete conflicting language regarding inland wetlands jurisdiction, and replace a reference to State law with specific standards.

These proposed amendments have been reviewed by the Conservation Commission and the Planning Board, and both boards have voted their support.

I would recommend the City Council move to pass first reading and establish a public hearing and second reading for the proposed amendments to the Zoning Ordinance, as presented, at the September 7, 2010 City Council meeting. Action on this matter should take place under Section VIII of the Agenda.
City Manager’s Items Which Require Action:

1. **Permitted Parking for the Middle School.** The Middle School Joint Building Committee and the Parking Committee held a special meeting on July 16th to address parking concerns on Parrott Avenue. Part of the project design requires 45 permitted parking spaces off site for Middle School employees during school hours. The JBC requested the 45 spaces be provided from the on-street parking supply on Parrott Avenue.

City Attorney Sullivan indicated that the City has the authority to regulate the streets, but there is no specific authority to reserve public spaces on a street for specified City employees. However, the City has the authority to reserve parking spaces on property it owns, such as the Parrott Avenue Lot. Therefore, his recommendation is to reserve the requested 45 spaces in the Parrott Avenue Lot. He indicated that no ordinance change would be necessary for this action, only a vote from the City Council authorizing permitted parking in the lot for this purpose.

I would recommend the City Council move to reserve 45 parking spaces in the Parrott Avenue Lot, as recommended by the Parking Committee.

2. **Acceptance of Sidewalk Easement and Quitclaim Deed for Street Right of Way Request Re: 51 Islington Street LLC.** The owner of 51 Islington Street (the former Kline’s building) seeks to construct a building and undertake sidewalk and street improvements as shown on the attached plan pursuant to a Site Plan approved by the Planning Board on September 17, 2009. In order to ratify a Planning Board condition the owner is asking the City to accept:

1) A pedestrian easement for a sidewalk for members of the public as pedestrians; and
2) A quitclaim deed in fee for a piece of property along the south side of Tanner Court and the east side of Parker St for a street right of way.

The easement allows pedestrian access along Islington St and the fee transfer allows Parker Street to be widened for improved traffic flow.

I would recommend the City Council move to authorize the City Manager to accept a sidewalk easement and quitclaim deed from 51 Islington Street LLC as presented.
3. **Request for Approval of Bay Ring License Agreement.** Attached is a request for the approval of a License Agreement for Bay Ring. The Public Works Department has reviewed the underground utility location information provided by Bay Ring for their Petition and Pole License for an underground conduit system running from Maplewood Avenue into the Worth Parking Lot.

This underground system will provide telecommunication services to 131 Congress Street currently occupied by the Music Hall.

It shall be noted that if any development of the Worth Parking Lot occurs Bay Ring may be required to move their underground system at their own expense.

This underground system currently poses no impact to existing City infrastructure and the Public Works Department recommends approval of this license. Attached is a photograph of the proposed location of the system.

*I would recommend that the City Council approve the request from Bay Ring for a License Agreement, as recommended by the Public Works Department.*

**Informational Items:**

1. **Events Listing.** For your information, attached is a copy of the Events Listing updated after the last City Council meeting on August 2, 2010. In addition, this now can be found on the City’s website.
