

*“There is not a village in America, however badly planned at first, or ill-built afterwards, that may not be redeemed, in a great measure, by the aid of shade trees in the streets ... and it is never too late or too early to project improvements of this kind.”*

Andrew Jackson Downing (1815-1852)

## AGENDA

CITY OF PORTSMOUTH  
TREES AND PUBLIC GREENERY COMMITTEE  
8:00 AM – Wednesday, February 10, 2021

**Resident Request**

55 Leavitt Ave, American elm (severe decline)

**DPW Requests RE LANG/LONGMEADOW ROAD CONNECTOR**

See attached plans. David DesFosses will present [This is a project that the City has been working on for more than 10 years] Below is an excerpt from an email from Dave DesFosses:

In addition the area along Lang Road, the area needed for the City's stormwater pond is also flagged. That area is adjacent and just east of the Credit Union's pond.

[David DesFosses]... flagged everything last week before the snow. These trees are currently on City Land as the deeds have not yet been signed and the Council has not accepted the donation but we expect (hope) that this action will be completed soon.

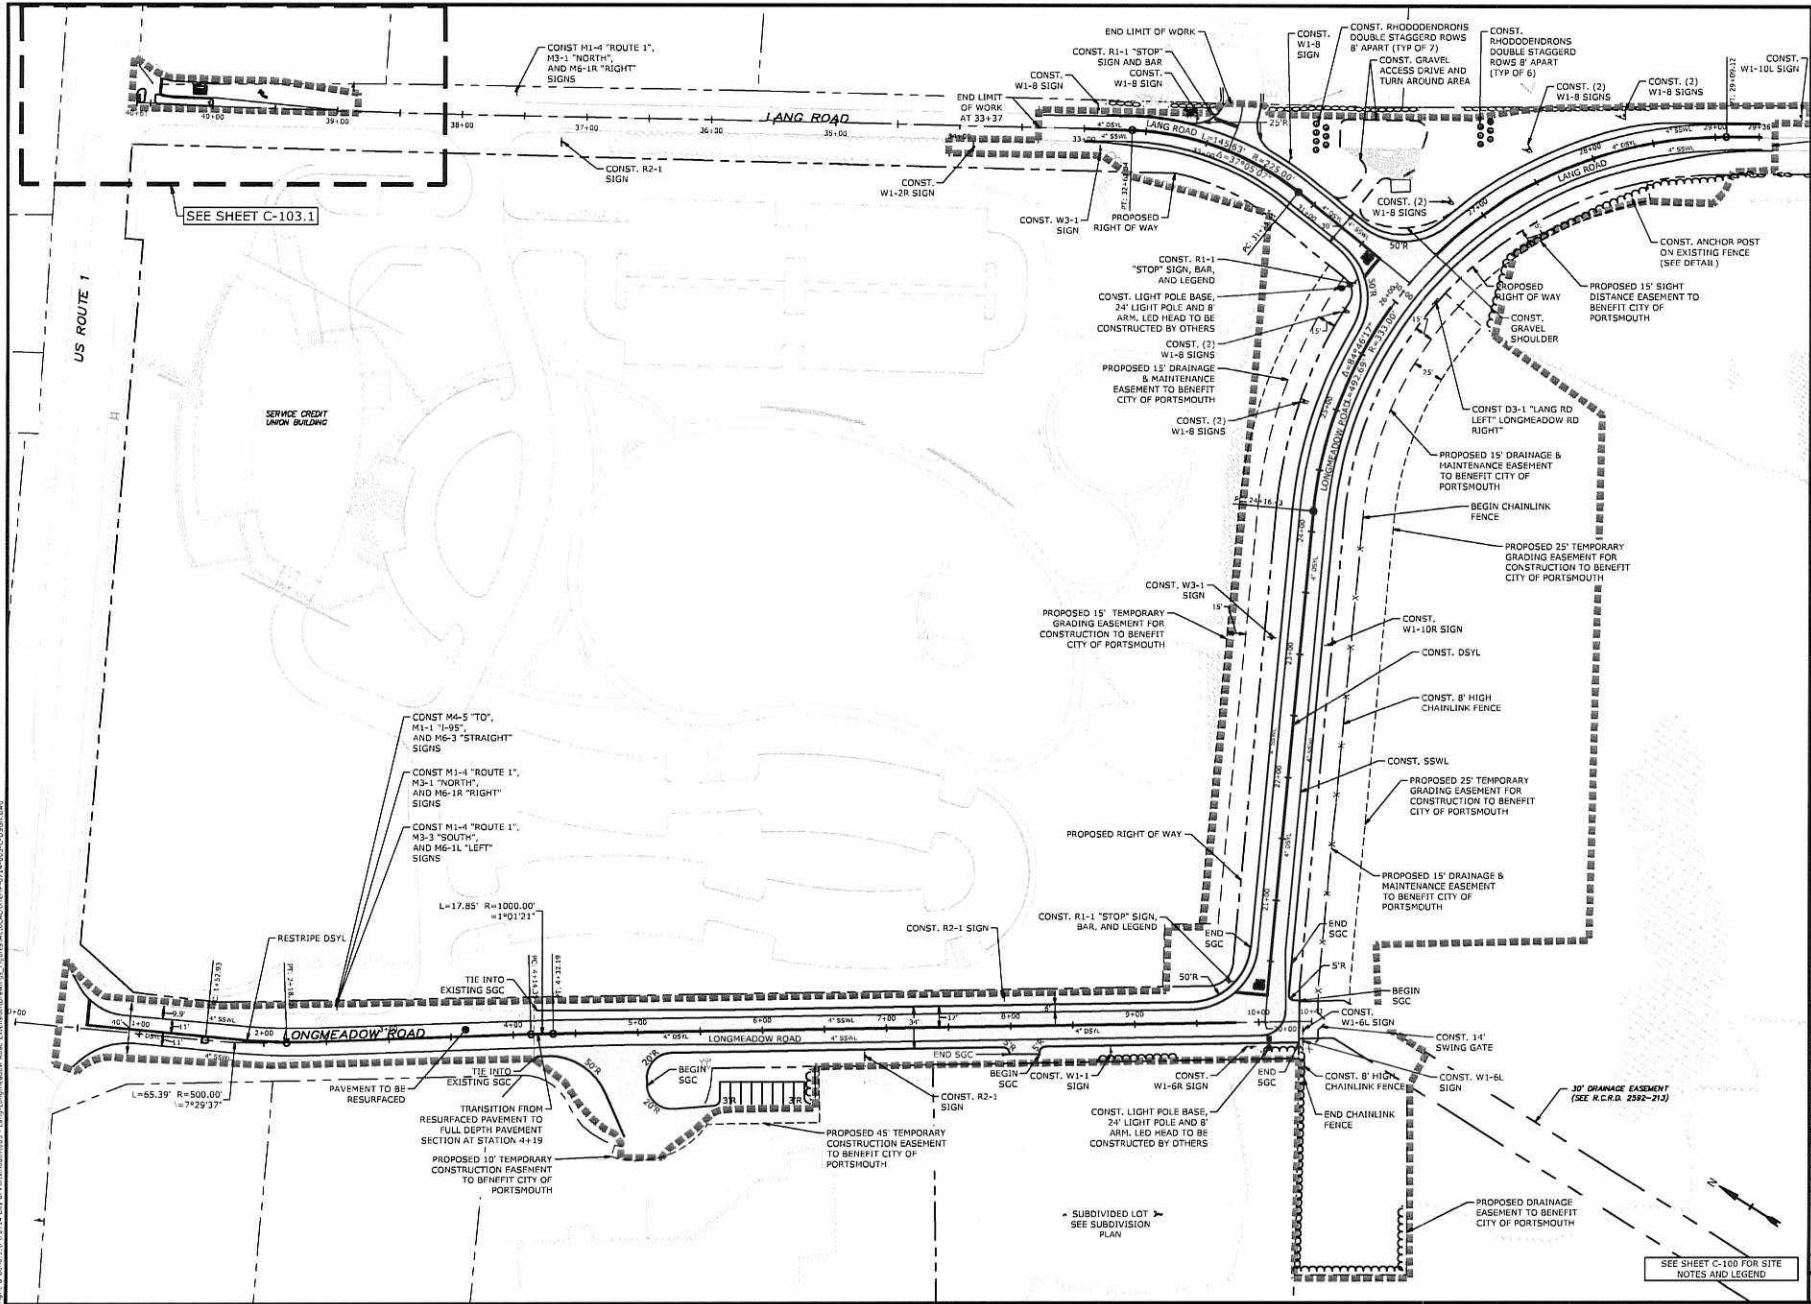

3. Watson's Landing Subdivision Request regarding tree species. See attached plans. Erik Saari of Altus Engineering will present

4. Old Business

5. New Business

Next Meeting: Wednesday March 10, 2021

Respectfully submitted, Peter Loughlin, Chair
