Municipal Employees Retirement Information

Social Security

Contact Social Security three months prior to retirement. You may create an account prior at <https://www.ssa.gov/> to see what your monthly benefit may be at the time of retirement.

If you claim benefits before your full retirement age (67), your benefits are reduced a fraction of a percent for each month before your [full retirement age](#).

- 62 Early Retirement
- 67 Full Retirement Age per Social Security

If you continue to work and do not claim your benefits until after [full retirement age](#), your benefits will increase for each month you do not claim them until you reach age 70. There is **no incentive to delay claiming after age 70**. Continuing to work may also increase your benefits, because each year we automatically recalculate to see if your current earnings replace an earlier year of lower or zero earnings, which can result in a higher benefit amount.

NHRS | New Hampshire Retirement System

Contact NHRS to notify them of retirement at least 30-90 days in advance. Link below has FAQ's about what to expect when applying for retirement benefits.

<https://www.nhrs.org/faqs/faq--what-to-expect>

- Vested prior to 1/1/12 can retire at 60 regardless of years of service (Tier 1)
- In service prior to 1/1/11 but not vested at 1/1/12 can retire at 60 regardless of years of service (Tier 2)
- Hired after 7/1/11 can retire after age 65 regardless of years (Tier 3)

Creating an online account will allow you to view the money you have in NHRS as well as the interest that it has accrued. You will also be able to do an estimate of a monthly benefit online. You will need to meet with NHRS prior to retirement and your monthly benefit will be an estimate until a final calculation is completed. This usually takes a few months to complete. Prior to that time, you will receive an estimated monthly benefit based on the information they have.

Insurance Info

Your health and dental insurance with the City will end at the end of the month you retire.

Please note that unless you go on to another Employer sponsored health plan at the time of retirement, and do not take the City's coverage, you will not be allowed to come back on to the plan.

Under 65 Retiree

If you are under 65 and wish to continue your HealthTrust Anthem coverage, you may do so as a retiree. It is the same plan that you may currently have. You may also continue your Dental benefit with Delta Dental as well. **Please note that unless you go on to another Employer sponsored health plan at the time of retirement, and do not take the City's coverage, you will not be allowed to come back on to the plan.**

65+ Retiree

At 65 you are automatically enrolled in Part A (hospital insurance) at no cost to you, through Medicare, however if you are still working and have insurance through your employer, you may delay signing up for Part B (medical insurance) until you retire.

HUMAN RESOURCES DEPARTMENT

Social Security-<https://www.ssa.gov/benefits/medicare/> -To sign up for Medicare Part B online.

There is a form (CMS-Application for Enrollment in Medicare) on the Medicare website that you and your employer will have to complete so that you may enroll in Part B outside of the open enrollment period or your 65th birthday.

While your Medicare Part B will be your primary insurance, a supplemental plan is always recommended, as Medicare does not fully cover all of an individual's medical costs.

The City's health plan does offer a 65+ supplemental coverage to work along with your Medicare Part A and B. Currently this plan is with Anthem Blue Cross Blue Shield. A summary of this plan can be found at:

<https://www.healthtrustnh.org/forms-and-documents-> Medicomp Three Brochure

The cost of this coverage is currently:

\$248.19 per month for Medicomp III w/o RX-Due to Change on 07/01

\$620.57 per month for Medicomp III W/RX-Due to Change on 07/01

Medicare Part D offers prescription coverage. This coverage is available to everyone enrolled with Medicare by enrolling in a Medicare Part D plan and paying a monthly premium. A Medicare Part D plans provide at least a standard level of prescription drug coverage set by Medicare.

The Medicomp III w/ RX plan is considered credible coverage, which means that the prescription drug coverage is as good or as better than coverage available through a standard Medicare D plan. This coverage is through CVS Caremark.

If you wish to just take the Medicomp III w/o RX you may do so. If you do not sign up for Medicomp III at the time of your retirement and do not go onto another employer sponsored health plan, you may not come back on the Medicomp III plan.

The monthly premiums for the Medicomp III can be taken out of your NHRS monthly pension if you choose that option.

HUMAN RESOURCES DEPARTMENT

If you wish to look into plans outside of what the School offers, **Service Link** provides information on other Medicare supplemental plans and Medicare D options. Their contact information is below.
