

**UNION CEMETERY
Maplewood Avenue
Portsmouth, NH**

The date of establishment of **Union Cemetery** is unknown. The earliest date of burial is **1810**. This cemetery has carefully laid out lots with family names on some of the posts. A gated iron fence serves as the street entrance to this cemetery. There is a "receiving tomb" at the edge of the river.

John Eldridge Frost recorded the tombstone dates in 1940's and his notes were used to update information for this project.
