GENERAL NOTES:
General Contractor shall make all subcontractors and suppliers aware of the requirements of these notes.
All work shall be performed in compliance with all applicable Local, State and National Building, Life Safety and Electrical codes.
General Contractors shall be responsible for securing all permits as necessary for the completion of work shown throughout the Contract Documents.
General Contractor shall lay out in the field the entire work to verify dimensional relationship before constructing any part, and shall verify all existing conditions and locations before proceeding.
Failure to verify dimensions and conditions before proceeding may subject the General Contractor to the required removal of completed work at General Contractor's risk. If a discrepancy which could have been discovered causes modifications to the plans.
General Contractor shall coordinate the dimensional requirements between the work of the various trades.
Any discrepancies found in the plans, dimensions, existing conditions or any apparent error in the drafting or specifying of a product, material or means of assembly is to be pointed out to Profile Homes immediately.
Drawings shall not be scaled for dimensions and/or area. Profile Homes assumes no responsibility for use of incorrect scale.
Regardless of whether or not an item is shown or specified, General Contractor shall provide said item if it is necessary for the proper installation or function of an item shown or specified. Suppliers and subcontractors shall inform the General Contractor of their requirements for the work of other trades, which may not be indicated, prior to bid.
COPYRIGHT NOTE:
Profile Homes, expressly reserve the Common Law Copyright and other Property Rights in these plans. These drawings are the property of Profile Homes, and shall not be reproduced in any manner, nor are they to be assigned in any manner, without first obtaining the expressed written permission and consent of Profile Homes.
