Request for postponement

To Peter M. Stith

Dear Board of Adjustment,

I would like to postpone my BOA meeting from this upcoming February to the next meeting in March for our property at 80 Fields Rd.. We have a revision to our plans and that will require a resend of the legal advertisement. There was a breakdown in understanding the measurements/building coverage on the initial plans and so we will submit a new set of plans. My apologies for the additional work to get the plans in order. Please let me know what our next steps are. Thank you.
