# Cambridge Series Insulated Wood Composite Garage Doors

For homeowners or home builders who want a full range of authentic carriage house door designs and are looking to finish their doors in a true color match with the rest of their house, General Doors offers a heavy duty, insulated alternative in the Cambridge Model wood composite line of overhead garage doors.

## Four Layer Construction Using Wood Frame, Tricoya ExDF Face and Waterproof Composite Overlay

- Classic carriage house designs are available by selecting either smooth or V-groove base section, and combining any of eight door designs, eight window options, and a large selection of applied decorative hardware
- Sandwich-type construction of base with 1-1/8" polystyrene core and wood frame result in R-value of 8.0

- Smooth primed door surfaces are designed for efficient, even paint application
- 3/8" thick Tricoya ExDF face provides exceptional dimensional stability and is the most durable wood panel product on the market today
- 1/2" thick Extira overlay is moisture, rot, and termite resistant
- Extra heavy duty track and hardware have a three year warranty

## Door Designs

We can accommodate a variety of door heights and widths.  
Standard widths: 8', 9', 10', 16', and 18'  
Standard heights: 6'6" and 7'- 3 section  
7'6" and 8'- 4 section
