RE: Raynes Ave Mixed Use Development – Historic District Commission Work Session #1 Continuance – Request to Postpone

Chairman Lombardi,

We appreciate the feedback received from the Historic District Commission at its December 9th meeting regarding the proposed mixed-use development on Raynes Ave. Based on the feedback received we feel additional time will be required to properly address the comments and concerns and as such we respectfully request the Commission postpone the Continued Work Session to its February meeting.

Thank you for your consideration.
