Mr. Lombardi,

I'm am writing regarding 65 Rogers Street. The project received approval from the Historic District Commission on September 9, 2019.

Due to financial considerations, the owners did not move forward on the project but plan to in the fall of this year.

On behalf of the owners, Janet and David Zerr, I am requesting an extension of one year for the approval. Let me know if there is anything we need to do additionally.

With best wishes,

Juli MacDonald, AIA
