

ADDENDUM NO. 1

Issued February 9, 2018

BID #36-18

CITY OF PORTSMOUTH

This Addendum forms part of the original document marked “ON-CALL SERVICES for Water, Sewer, Drainage Utility Emergency and Repair Services, RFP #36-18.”

Page 3, Paragraph 3, INSERT the following sentence after the words “...hours (7:30-3:30pm).”

“Overtime pay for routine services will apply after 40 hours of routine work.”

DELETE Appendix A in its entirety and replace with the new Appendix A attached to this Addendum. The new Appendix A includes rates for Schedules A, B and C.

Proposers are to acknowledge this addendum within their proposal. Failure to do so may subject a proposer to disqualification.

APPENDIX A

Fee Proposal Sheet

Water/Sewer Emergency and Repair Services

The proposing party hereby offers to provide the City of Portsmouth's Water and Sewer Division with emergency and routine repair services, on an on-call basis, as detailed by RFP#36-18 for Schedules A, B and C below.

General Notes:

1. The City of Portsmouth has an active contract with a traffic management service. The City will coordinate and pay for traffic control measures with the selected contractor(s) as needed.
2. Excavation and flagging permits will be obtained by the City and there will be no additional charges for these permits.
3. Schedule A and B work generally covers excavation and restoration of activities to the existing grade with gravel. Paving restoration will be conducted by the City or through the rates identified in Schedule C.
4. Work Rate Schedules do not cover all conditions that may be requested. The City and the Contractor may need to negotiate additional prices to cover conditions that do not fit within the stipulated rate schedules.

Schedule A – Repair Services for Operations 0 to 6 Feet Depth
