#### **ADDENDUM NUMBER 2:**

# Conceptual Design of Mechanic Street Pump Station and Development of Site Master Plan RFP #53-15

Issued: March 30, 2015

This Addendum forms part of the original document marked: RFP #53-15 Design of Mechanic Street Pumps Station and Development of Site Master Plan

#### A. Invitation & Required Contents of the Proposal

The due date for proposals is extended to 2:00 PM on April 8, 2015.

# **B.** Available Information:

Available information will be forwarded to meeting attendees by email.

# **C.** Additional Information:

All questions shall be submitted in writing to Terry Desmarais, City Engineer, by 4:30 PM on April 2, 2015.

#### D. Clarification on Number of Renderings:

The following clarification is provided regarding the number of pump station and overall site renderings:

The consultant should anticipate development of three pump station architectural façade options for the City's consideration (See Item B under Scope of Work in RFQ). These options should demonstrate building materials, architectural features and building elevations and can be presented as renderings or two or three dimensional engineered drawing plans and elevations. The selected option for the pump station will be incorporated into the overall site renderings (See Item C under Scope of Work). There will be three overall site renderings as part of the Site Master Plan and these renderings will incorporate the selected pump station option and other site options as developed through public planning process for the overall site.

# E. Mandatory Pre-Bid Sign in Sheet

See attached Sign in Sheet from Mandatory Pre-bid Meeting.

Please acknowledge receipt of this addendum within your proposal. Failure to do so may subject a bidder to disqualification.

End of Addendum #2

City of Portsmouth, NH RFP 53-15 Conceptual Design of Mechanic Street Pump Station and Development of a Site Master Plan Pre-Proposal Meeting, March 19, 2015 @ 10:00 AM
