ADDENDUM NO. 2

**Bid #64-06
Portsmouth Police Department Recording System
Portsmouth Police Department
PORTSMOUTH, NEW HAMPSHIRE**

NOTICE TO ALL BIDDERS

The attention of all vendors submitting bids for the “Police Department Recording System” scheduled to be submitted on June 15, 2006 @ 2:00 p.m.

This addendum #2 will become part of the original bid.

Please acknowledge receipt of this addendum within your proposal. Failure to do so may subject a bidder to disqualification.

Addendum #2 consists of questions asked and answered provided by the Police Department. The questions and answers are as follows:

1. Could you send me a concise table that spells out what the make up of the 32 channels at the primary and 8 channels at the secondary?

At the backup center

4 Radio Channels, consisting of 4 Motorola Spectra Portable Radios
4 Telephones, consisting of Nortel P-Phones, Provided by BayRing Communications 603-766-1000

At the Primary Center

12 channels of Trunk Level Telephone Recording
7 channels of Nortel P-Phones, provided by BayRing Communications 603-766-1000
11radio channels
2 channels of microphones

2. Are you using logger patches (DA converters what type) now and if so are you going reuse them on the new system?

- As far as I know we are not using DA converters

3. Are there in fact any Samsung phones and if so where are they and what models are they.

- There are none (yet), however plan on incorporating them into the recorder, or at least have the capability to record off of them, we are considering a change in telephone systems,. We are considering the Samsung IDCS telephone system

4. Is there a possibility of an extension to the due date?

NO.
