PUBLIC WORKS

POLICE

FIRE

SCHOOL

WATER, SEWER and PRESCOTT PARK

APPENDIX I

The Rolling Stock Program is intended to provide an overall schedule for the expenditure of City Funds on replacement of vehicles and equipment necessary to carry out daily city activities. All City departments with rolling stock requirements participate in the program to include Public Works, Police, Fire, School and Prescott Park. Such a program serves to inform the City Council and the Community that certain expenditures for upgrading the existing equipment are to be expected in the years ahead. Even with this program's schedule, adjustments may be necessary in order to accommodate unforeseen circumstances.
