

JOB OPPORTUNITIES

Work with children after school

PEAK

(Program for Elementary Age Kids)

A program designed for children who need an enriching and safe place to be after school! Our staff provides enrichment, positive encouragement, recreation, arts and crafts, social learning time, and much more for children ages 5 to 12 years in grades K-5 at the three Portsmouth Elementary Schools as well as the Greenland Central School.

PEAK teachers work in groups to plan all activities and provide the direct care and supervision. Candidates are best qualified through their years of experience working with children, and/or college level coursework in human growth and development, elementary education, early childhood education, recreation, and other related fields.

Shift hours vary slightly, but are generally from the dismissal of school day (approx. 2:50pm) to either 4:45/5:00pm or 6:00pm. Additional hours are available for planning curriculum and more shifts available on no-school days and school vacation weeks.

Starting hourly rate begins at \$12/hr. with increases added dependent upon experience and education.
