

Violent Acts by Students to and From School

The Board also recognizes that some out-of-school and off-campus conduct may have an adverse effect upon the school, school property, or school staff.

Therefore, it shall be the policy of this Board that the Board or school administrators may impose disciplinary measures against students for some out-of-school or off-campus conduct. Discipline may be imposed if, in Principal's opinion, such out-of-school conduct causes a significant disruption or substantial interference with the school's educational mission, purpose, or objectives.

Additionally, the Board or school administrators may also meet any off-campus or out-of-school behavior that has a strong potential to disrupt normal school operations with appropriate disciplinary actions.

Out-of-school and off-campus student conduct that may subject a student to discipline includes, but is not limited to:

1. Damaging school property
2. Violence at or near the school's bus stop, either before or after the school day
3. Drinking alcohol, using tobacco products, or using illegal drugs at or near the school bus stop, either before or after the school day
4. Damaging the private property of school staff or employees
5. Any other activity the Board or administration determines impedes the general welfare of scholastic activities

The school administration has the authority to impose disciplinary action on students who have committed acts of violence on the way to and from school. As soon as a school principal learns of a violent act, he/she will take appropriate disciplinary measures and report them to the Superintendent, who will notify the School Board.
