Mayor Sirrell called the meeting to order at 6:30 p.m.

City Manager Bohenko said that Mr. Carroll is here this evening to present a video of the scrap metal operations at the Port to the City Council.

Mr. Carroll thanked the City Council for allowing him this opportunity to show his video of the scrap metal operations at the Port. He said he felt it was important for the City Council to view the operations at the Port and see that the debris is not staying in the Port and ending up on the streets. He advised the City Council of the hazards of the debris leaving the Port and entering the streets as well as the rust dust going into the atmosphere.

The City Council viewed the video as presented by Mr. Carroll.

Councilor Whitehouse asked when the video was filmed. Mr. Carroll advised Councilor Whitehouse that the video was taken on July 21, 2005.

At 6:55 p.m., Mayor Sirrell closed the meeting.
