Using South Mill Pond for a Lantern Festival

**Address**

726 Middle Road

**Message**

Dear Mayor McEachern and City Councilors:

Regarding the Alliance for Greater Good's request to use the South Mill Pond for a lantern festival on September 30, 2023, just a reminder that as per link below, through August of this year, 330,000 gallons of untreated CSO sewage has been discharged into South Mill Pond. You may wish to have Health Inspector Kim McNamara review this proposal and comment on its implications to public health.

Start to think about a permanent Children's Theater at the Community Campus

**Address**

74 Cass Street

**Message**

Dear City Council,

Considering the success of the Prescott Park play every summer, it is time for the city to consider the construction of a permanent Children's Theater at the Community Campus or possibly the Lister Academy site if it moves. In my opinion there can be no better investment for the future of our young people and the community.

I lived for some years in Annapolis MD where they have such a facility and I was always impressed with what an important service it provided for young and old in a city that is very similar to ours.

It was a favorite venue for my wife and I to take our grandchildren. They always remember a stellar performance of Willie Wonka where every appearance of the Oompa Loompa's with their identical blonde wigs stole the show.

It was a modest theater, but it was so wonderful to see the enthusiasm of the youngsters producing their make believe world to the delight of their community.

Something to think about, yes? Google the Annapolis Children's Theater for a start.

Sincerely, Philip Miller, 74 Cass St.
