PROJECT NARRATIVE

The Applicant, One Market Square, LLC, intends to merge and combine Map 0117 Lot 14 (with an address of 1 Congress Street and 15 High Street) with Map 0117 Lot 12 (with an address of 15 Congress Street).

Map 0117 Lot 14 is owned by One Market Square, LLC. Map 0117 Lot 12 is owned by Wenberry Associates, LLC., and the Applicant has a certain binding Purchase and Sale Agreement with Wenberry Associates, LLC.

**SITE**

Significant improvements are proposed for Haven Court (private way owned by One Market Square, LLC) including utilities, hardscape pavers, cantenary lights, trash and recycling and landscaping. The design intent is to connect High Street with Fleet Street for the benefit of the public and to provide retail continuity, which is vital for retail success. The proposed Haven Court connection is supported by the Master Plan as part of an overall connection running from McIntyre to Vaughan Mall.

The existing grade on Haven Court will be changed to provide for a handicap accessible connection between High Street and Fleet Street.

**BUILDING**

Scope of work includes rehabilitation and adaptive reuse of existing structures, with minor accessory additions.

New projecting storefronts with recessed entrance stoops are proposed along the north elevation of the property to create a retail experience between High Street and Fleet Street. The upper floors and roof top will be residential use. The lower floor will remain retail and restaurant uses.

An egress stair tower, accessible elevator, and main entrance for the upper floors of residential will be accessed from Haven Court.

A new rooftop penthouse, and secondary egress stair overrun are proposed at the existing roof. Existing flat roof will accommodate a roof deck with green roof elements for tenant use, solar PV panels, and mechanical equipment.

The existing brick facade on Congress Street will be repaired and restored according to historic photographs. The existing brick facade on Fleet Street will be repaired, with new awning proposed at storefront windows and entrances.
