CITY OF PORTSMOUTH
Department of Public works

**BID #14-25 Foundry Place Parking Office Construction**

**ADDENDUM 4**

## QUESTIONS FROM CONTRACTOR:

12. Specs read "Price as alternate to provide ACT ceilings beneath concrete deck/drive aisle (plan north of column line A) Do not provide beneath metal decking (plan south of column line A)". These column lines are not on the RCP'.

    **What plan will show this alternate clearly?**

A. See highlighted area below that this refers to. This is to provide acoustical insulation on top of the ACT grid where it is beneath the driving surface above.

    **Will there be a new bid form issued to show this alternate ?**

    No. Include the additional insulation above the ACT as part of the basic work scope in this area, not as an alternative. Make the following change in the SPECIFICATIONS

    SECTION 95100 ACOUSTICAL CEILINGS, Article 1.03 Administrative Requirements

    **Delete** paragraph C. "Provide add alternate pricing for supplementary insulation above ceiling where indicated. Do not include cost in base bid."

13. The millwork spec calls for an AWI certification for the millwork. Is this required on a millwork project of this size/ scope?

    A. Please remove the requirement for AWI certification. This was incidentally included.

14. Should there be a specification section for Automatic Fire Protection on this project?

    A. This is intended to be a design/build installation. Project system requirements are listed on Sheet FP1.01. Contractor to submit detailed stamped/signed fire protection drawings and product data

15. The bid form also lists required subcontractors to be listed and none of them are part of this project.

    A. STATEMENT OF BIDDER'S QUALIFICATIONS page 11
Delete:
    a. demolition/ salvage_____
    b. Plantings _____
    c. brick pavers _____
    d. sitework
Replace with:
    a. Mechanical_____
    b. Plumbing_____
    c. Electrical _____
    d. Fire Alarm_____
