

CITY OF PORTSMOUTH
SCHOOL DEPARTMENT

Bid # 57-23 Land Mobile Radio Communication System

ADDENDUM 1

Bidders' questions and answers:

Q. We will need the prevailing wage table and clarification within section D that they do indeed apply to this project.

A. Section I - General Information provides in Paragraph D that "all wages paid on the project are subject to Davis-Bacon and related Acts". The City does believe that this project, funded by federal grant, must comply with the provisions of the Davis-Bacon Act including paying prevailing wages. The City anticipates that Davis-Bacon Act Wage Determination # NH20230022, last revised on April 7, 2023, and published at SAM.gov, represents the current prevailing wage rates and fringe rates that should be considered in projecting costs of wages for this project.

Q. It appears as though you are requesting a total of 32 SLR1000 repeaters between the small and large format schools. For a 7 school district, this does not appear to be accurate. Can you confirm if this is a mistake or if this is truly what is requested?

A. Please see exhibit A-Price Proposal Form – Page 14 UPDATED

The bidder will acknowledge this addendum within your proposal. Failure to do so may subject the bidder to disqualification.
